

Aviation Careers: College Roundtable

Interested in pursuing a career in Business Aviation?

The Southern California Aviation Association (SCAA) is hosting an event that will introduce students into a variety of careers working in and around private business jets, and how best to pursue a career that supports their interest in this industry.

A group of aviation professionals will speak at the event and sit with students in a small group to discuss a career in aviation, and answer any questions students may have about general aviation and their field of interest. Our Aviation Professionals represent a fortitude of different skill sets and positions within the industry: pilots, maintenance, operations, culinary, and more...

When: April 21, 2015

Doors Open: 5:00pm

Roundtable: 6:00pm-7:00pm

Hosted by: West Coast Aircraft Maintenance

2881 E. Spring Street

Long Beach, Ca 90806
